EXPERIENCE

Humble Nutrition, Albuquerque ~ http://humblenutritionnm.com/

February 2021 - PRESENT

Humblenutritionnm.com is a website I built and maintain for the company located in Albuquerque, New Mexico. Humble nutrition is a front end site utilizing modern styling techniques equipped with all of the necessary technologies to make it responsive on all platforms, The website utilizes said technologies such as HTML5, CSS, SCSS, Bootstrap 5 and PHP

EDUCATION

Volcano Vista, Albuquerque NM — *Highschool diploma*

August 2014 - May 2018

PROJECTS

Shounen Fit — https://shounenfit.com/

Shounen fit is an in progress full stack application utilizing the MERN stack (mongoDB, express, react.js and node.js) Right now in its development stage its front end is still in progress due to the ambitious nature of the project, Shounen fit is a workout program with anime as the cornerstone theme,

Personal portfolio — https://isamaz.com/

My personal portfolio was built with the intention to showcase all my projects and to showcase my ui/ux skills using Photoshop to create all image/video backgrounds. This site uses React.js allowing me to take advantage of the advanced methods like State and props that react offers.

SKILLS

React.js

Javascript

(ES6,ES2015)

HTML5, CSS

SCSS, Bootstrap

Package manager: (Npm, yarn)

Photoshop

After effects, Premiere pro

ABOUT ME

I am a front end website developer with an up to date understanding of popular and modern UI/UX trends and I'm equipped with all of the necessary technologies to build fully responsive web applications. I'm currently specializing in React.js
